Progesterone Receptor (PGR) Mouse Monoclonal Antibody (HRP conjugated) [Clone ID: OTI11G9]

Product data:

Product Type: Primary Antibodies

Clone Name: OTI11G9

Applications: WB

Reactivity: WB 1:2000
Host: WB 0:2000

WB 1:2000

Human

Mouse

Isotype: IgG2b

Clonality: Monoclonal

Immunogen: Full length human recombinant protein of human PGR (NP_000917) produced in HEK293T

cell.

Formulation: PBS (pH 7.3) containing 1% BSA, 50% glycerol.

Concentration: 0.5 mg/ml

Purification: Purified from mouse ascites fluids or tissue culture supernatant by affinity chromatography

(protein A/G)

Conjugation: HRP

Storage: Store at -20°C as received.

Stability: Stable for 12 months from date of receipt.

Predicted Protein Size: 98.8 kDa

Gene Name: progesterone receptor

Database Link: NP 000917

Entrez Gene 5241 Human

P06401

Progesterone Receptor (PGR) Mouse Monoclonal Antibody (HRP conjugated) [Clone ID: OTI11G9] - TA800666BM

Background: This gene encodes a member of the steroid receptor superfamily. The encoded protein

mediates the physiological effects of progesterone, which plays a central role in reproductive events associated with the establishment and maintenance of pregnancy. This gene uses two distinct promotors and translation start sites in the first exon to produce two isoforms, A and B. The two isoforms are identical except for the additional 165 amino acids found in the N-terminus of isoform B and mediate their own response genes and physiologic effects with

little overlap. [provided by RefSeq, Jan 2011]

Synonyms: NR3C3; PR

Protein Families: Druggable Genome, Nuclear Hormone Receptor, Transcription Factors

Protein Pathways: Oocyte meiosis, Progesterone-mediated oocyte maturation

Product images:

HEK293T cells were transfected with the pCMV6-ENTRY control (Left lane) or pCMV6-ENTRY PGR ([RC221303], Right lane) cDNA for 48 hrs and lysed. Equivalent amounts of cell lysates (5 ug per lane) were separated by SDS-PAGE and immunoblotted with anti-PGR. Positive lysates [LY424456] (100ug) and [LC424456] (20ug) can be purchased separately from OriGene.
