PBK (NM_018492) Human Recombinant Protein

Product data:

Product Type: Recombinant Proteins

Description: Recombinant protein of human PDZ binding kinase (PBK), 1 mg

Species: Human
Expression Host: HEK293T

Expression cDNA Clone >RC203295 protein sequence or AA Sequence: Red=Cloning site Green=Tags(s)

TRTRPLEQKLISEEDLAANDILDYKDDDDKV

Tag: C-Myc/DDK

Predicted MW: 35.9 kDa

Concentration: >0.05 µg/µL as determined by microplate BCA method

Purity: > 80% as determined by SDS-PAGE and Coomassie blue staining

Buffer: 25 mM Tris-HCl, 100 mM glycine, pH 7.3, 10% glycerol

Preparation: Recombinant protein was captured through anti-DDK affinity column followed by

conventional chromatography steps.

Note: For testing in cell culture applications, please filter before use. Note that you may experience

some loss of protein during the filtration process.

Storage: Store at -80°C.

Stability: Stable for 12 months from the date of receipt of the product under proper storage and

handling conditions. Avoid repeated freeze-thaw cycles.

RefSeq: NP 060962

Locus ID: 55872

PBK (NM_018492) Human Recombinant Protein - TP303295L

UniProt ID: Q96KB5, V9HWH0

RefSeq Size: 2127 Cytogenetics: 8p21.1 RefSeq ORF: 966

Synonyms: CT84; HEL164; Nori-3; SPK; TOPK

Summary: This gene encodes a serine/threonine protein kinase related to the dual specific mitogen-

activated protein kinase kinase (MAPKK) family. Evidence suggests that mitotic

phosphorylation is required for its catalytic activity. The encoded protein may be involved in the activation of lymphoid cells and support testicular functions, with a suggested role in the

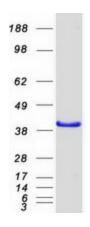

process of spermatogenesis. Overexpression of this gene has been implicated in

tumorigenesis. Alternative splicing results in multiple transcript variants. [provided by RefSeq,

Jul 2013]

Protein Families: Druggable Genome, Protein Kinase

Product images:

Coomassie blue staining of purified PBK protein (Cat# [TP303295]). The protein was produced from HEK293T cells transfected with PBK cDNA clone (Cat# [RC203295]) using MegaTran 2.0 (Cat# [TT210002]).
