Dymeclin (DYM) (NM_017653) Human Recombinant Protein

Product data:

Product Type: Recombinant Proteins

Description: Recombinant protein of human dymeclin (DYM), 20 μg

Species: Human
Expression Host: HEK293T

Expression cDNA Clone >RC208969 protein sequence or AA Sequence: Red=Cloning site Green=Tags(s)

TRTRPLEQKLISEEDLAANDILDYKDDDDKV

Tag: C-Myc/DDK

Predicted MW: 75.8 kDa

Concentration: >0.05 µg/µL as determined by microplate BCA method

Purity: > 80% as determined by SDS-PAGE and Coomassie blue staining

Buffer: 25 mM Tris-HCl, 100 mM glycine, pH 7.3, 10% glycerol

Preparation: Recombinant protein was captured through anti-DDK affinity column followed by

conventional chromatography steps.

Note: For testing in cell culture applications, please filter before use. Note that you may experience

some loss of protein during the filtration process.

Storage: Store at -80°C.

Dymeclin (DYM) (NM_017653) Human Recombinant Protein - TP308969

Stability: Stable for 12 months from the date of receipt of the product under proper storage and

handling conditions. Avoid repeated freeze-thaw cycles.

RefSeq: NP 060123

 Locus ID:
 54808

 UniProt ID:
 Q7RTS9

 RefSeq Size:
 2628

 Cytogenetics:
 18q21.1

 RefSeq ORF:
 2007

Synonyms: DMC; SMC

Summary: This gene encodes a protein which regulates Golgi-associated secretory pathways that are

essential to endochondral bone formation during early development. This gene is also believed to play a role in early brain development. This gene is widely expressed in embryos and is particularly abundant in chodrocytes and brain tissues. It encodes a peripheral membrane protein which shuttles between the cytosol and Golgi complex. Mutations in this gene are associated with two types of recessive osteochondrodysplasia: Dyggve-Melchior-Clausen (DMC) dysplasia and Smith-McCort (SMC) dysplasia. [provided by RefSeq, Jun 2017]

Product images:

Coomassie blue staining of purified DYM protein (Cat# TP308969). The protein was produced from HEK293T cells transfected with DYM cDNA clone (Cat# [RC208969]) using MegaTran 2.0 (Cat# [TT210002]).
