

Product datasheet for TP720908M

ETS1 (NM_005238) Human Recombinant Protein

Product data:

Product Type: Recombinant Proteins Description: Purified recombinant protein of Human v-ets erythroblastosis virus E26 oncogene homolog 1 (avian) (ETS1), transcript variant 2 Species: Human **Expression Host:** E. coli Met1-Thr272 **Expression cDNA Clone** or AA Sequence: N-His Tag: Predicted MW: 33 kDa **Concentration:** lot specific **Purity:** >95% as determined by SDS-PAGE and Coomassie blue staining **Buffer:** Lyophilized from a 0.2 um filtered solution of 20mM PB, 150mM NaCl, 1mM EDTA, pH 7.4. Endotoxin: Endotoxin level is $< 0.1 \text{ ng/}\mu\text{g}$ of protein ($< 1 \text{ EU/}\mu\text{g}$) **Reconstitution Method:** Always centrifuge tubes before opening. Do not mix by vortex or pipetting. Dissolve the lyophilized protein in ddH2O. It is not recommended to reconstitute a concentration less than 100 µg/ml. Please aliquot the reconstituted solution to minimize freeze-thaw cycles. Storage: Lyophilized protein should be stored at $< -20^{\circ}$ C, though stable at room temperature for 3 weeks. Reconstituted protein solution can be stored at 4-7°C for 2-7 days. Aliguots of reconstituted samples are stable at < -20°C for 3 months. Stability: Stable for at least 6 months from date of receipt under proper storage and handling conditions. NP 005229 **RefSeq:** Locus ID: 2113 **UniProt ID:** P14921, B4DW78 **RefSeq Size:** 5228 Cytogenetics: 11q24.3 **RefSeq ORF:** 1323

	ETS1 (NM_005238) Human Recombinant Protein – TP720908M
Synonyms:	c-ets-1; ETS-1; EWSR2; p54
Summary:	This gene encodes a member of the ETS family of transcription factors, which are defined by the presence of a conserved ETS DNA-binding domain that recognizes the core consensus DNA sequence GGAA/T in target genes. These proteins function either as transcriptional activators or repressors of numerous genes, and are involved in stem cell development, cell senescence and death, and tumorigenesis. Alternatively spliced transcript variants encoding different isoforms have been described for this gene.[provided by RefSeq, Jul 2011]
Protein Families	: Druggable Genome, Transcription Factors
Protein Pathwa	ys: Dorso-ventral axis formation, Pathways in cancer, Renal cell carcinoma
