

Product datasheet for **TP726255**

RASGRP1 Human Recombinant Protein

Product data:

Product Type:	Recombinant Proteins
Description:	Recombinant Human RAS guanyl-releasing protein 1/RASGRP1
Species:	Human
Expression cDNA Clone or AA Sequence:	Q678-S797
Tag:	C-His
Buffer:	Supplied as a 0.2 um filtered solution of PBS, 300mM NaCl, 10%Glycerol, pH7.4
Note:	Recombinant Human RAS guanyl-releasing protein 1/RASGRP1 is produced by E. coli. The target gene encoding Q678-S797 is expressed with a His tag at the C-terminus.
Stability:	12 months from date of despatch
Locus ID:	10125
UniProt ID:	<u>O95267</u>
