

Product datasheet for **TP726327**

Huntingtin (HTT) Human Recombinant Protein

Product data:

Product Type:	Recombinant Proteins
Description:	Recombinant Human Huntingtin/HTT
Species:	Human
Expression cDNA Clone or AA Sequence:	E410-P680
Tag:	C-His
Buffer:	Supplied as a 0.2 um filtered solution of PBS, 300mM NaCl, 10%Glycerol, pH7.4
Note:	Recombinant Human Huntingtin/HTT is produced by E. coli. The target gene encoding E410-P680 is expressed with a His tag at the C-terminus.
Stability:	12 months from date of despatch
Locus ID:	3064
UniProt ID:	P42858
