

Product datasheet for TP727118

alpha Synuclein (SNCA) Human Recombinant Protein

Product data:

Product Type:	Recombinant Proteins
Description:	Recombinant Human α-Synuclein/SNCA
Species:	Human
Expression cDNA Clone or AA Sequence:	Met1-Ala140
Buffer:	Lyophilized from a 0.2 um filtered solution of PBS, pH 7.4.
Note:	Recombinant Human alpha-Synuclein is produced by our E.coli expression system and the target gene encoding Met1-Ala140 is expressed.
Stability:	12 months from date of despatch
Locus ID:	6622
UniProt ID:	<u>P37840</u>
Summary:	Alpha-Synuclein (SNCA) is a member of the Synuclein family. SNCA is expressed principally in brain but also expressed in low concentrations in all tissues except liver. SNCA interacts with UCHL1, Phospholipase D and histones. SNCA can include beta- and gamma-synuclein. In addition, SNCA is an important regulatory component of vesicular transport in neuronal cells. It has been suggested that SNCA is related to the pathogenesis of Parkinson's Disease and neurodegenerative disorders. Defects in SNCA will lead to Dementia Lewy Body (DLB).

This product is to be used for laboratory only. Not for diagnostic or therapeutic use. ©2023 OriGene Technologies, Inc., 9620 Medical Center Drive, Ste 200, Rockville, MD 20850, US
