

Product datasheet for **TP727478**

Dcn Mouse Recombinant Protein

Product data:

Product Type:	Recombinant Proteins
Description:	Recombinant Mouse Decorin/PGS2/PG40 (C-6His)
Species:	Mouse
Expression cDNA Clone or AA Sequence:	Gly17-Lys354
Tag:	C-His
Buffer:	Lyophilized from a 0.2 um filtered solution of PBS, pH 7.4.
Note:	Recombinant Mouse Decorin is produced by our Mammalian expression system and the target gene encoding Gly17-Lys354 is expressed with a 6His tag at the C-terminus.
Stability:	12 months from date of despatch
Locus ID:	13179
UniProt ID:	P28654
Summary:	Decorin, also known as PG40 and DCN, is a member of the class I family of small leucine-rich proteoglycans (SLRPs) that is expressed in the stroma of various forms of cancer and has been recently proposed to act as a guardian from the matrix. Mature human Decorin contains 12 tandem LRR and shares 80% and 78% aa sequence identity with mouse and rat Decorin, respectively. Decorin embraces numerous functions including: regulation of collagen fibrillogenesis, hepatic carcinogenesis, fetal membrane and calcium homeostasis, keratinocyte function, and suppression of angiogenesis. Most recently, soluble decorin has been shown to induce autophagy in endothelial cells and mitophagy in breast carcinoma cells.
