| Product Type:                         | CytoSections                                                                                                                                                                                                                                                                                                                      |
| Description:                          | Transient overexpression of PMS2L3, transcript variant 1, in HEK293T cells, FFPE control for IHC, ICC and ISH staining, 25 slides per pack                                                                                                                                                                                        |
| Species:                              | Human                                                                                                                                                                                                                                                                                                                             |
| Expression Host:                      | HEK293T                                                                                                                                                                                                                                                                                                                           |
| Expression cDNA Clone or AA Sequence: | TrueORF Clone RC210950                                                                                                                                                                                                                                                                                                            |
| Tag:                                  | C-MYC/DDK                                                                                                                                                                                                                                                                                                                         |
| Detection Antibodies:                 | DDK Rabbit monoclonal antibody, recognizing both N- and C-terminal tags (TA592569)                                                                                                                                                                                                                                                |
| ACCN:                                 | <u>NM_005395</u> , <u>NP_005386</u>                                                                                                                                                                                                                                                                                               |
| Synonyms:                             | MGC126647; PMS2L9; PMS5; PMSR3; postmeiotic segregation increased 2-like 3; postmeiotic segregation increased 2-like 9                                                                                                                                                                                                            |
| Storage:                              | Room Temperature                                                                                                                                                                                                                                                                                                                  |
| Stability:                            | Slides are guaranteed for a year from the date of receipt if proper storage instructions were followed.                                                                                                                                                                                                                           |
| Preparation:                          | HEK293T cells were transiently transfected with TrueORF cDNA plasmid. Transfected cells were cultured for 48hrs. After harvesting, the cultured cells were fixed in formalin & dehydrated before embedding in paraffin. 5 µm sections of the FFPE cell pellet blocks are cut and mounted on positively charged SuperFrost slides. |
| Note:                                 | This product is for research use only and is not approved for use in humans or in clinical diagnosis.                                                                                                                                                                                                                             |
| RefSeq:                               | <u>NP_005386</u>                                                                                                                                                                                                                                                                                                                  |
